LEO
L.
OSBORNE

1887

—

1964

A devoted son of Sunapee who brought credit and honor to his town by his unselfish service to his fellowmen in his Town, County, and State.

The record of his devotion is unparalleled in the history of Sunapee:

Former member of the Sunapee School Board

Former member of the Sunapee Fire Department

Selectman, Town of Sunapee for forty-three years

Representative to New Hampshire General Court for nine sessions

Chairman of the Appropriation Committee in Legislature 1935, and a member of that Committee for seven years

Sullivan County Commissioner 1933 - 1937

Introduced bill in Legislature creating Mt. Sunapee State Park in 1941

Appointed to State Board of Public Welfare by Gov. Styles Bridges in 1935, and later reappointed by Gov. Francis P. Murphy in 1938

Appointed to State Liquor Commission by Gov. Robert Blood in 1941, and served for two terms

Former President of the New Hampshire Tax Assessors Association

A Director of the Citizens National Bank in Newport, N. H. since 1923, and served for several years as Vice-President of that institution

A long time member of Lake Grange, Rock Ezel Lodge, Crescent Rebekah Lodge, and Knights of Pythias

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Sunapee, N. H. in the County of Sullivan in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at The Sunapee School Gymnasium in said Sunapee, N. H. on Tuesday, the 9th day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

Article 1. To elect (1) one Selectman for 3 years, (1) Selectman for 2 years, and all other necessary Town Officers for the year ensuing.

Article 2. To hear the reports of the Selectmen, Treasurer, Auditors, and Committees, or other officers heretofore chosen.

Article 3. To see if the Town will vote to raise \$3,000.00 to pay Machinery Note, and \$3,860.00 for the interest on its notes, and pass any vote relating thereto.

Article 4. To see if the Town will vote to raise \$6,600.00 for Town Officers Salaries, \$3,500.00 for Town Officers Expenses, \$300.00 for Election and Registration, \$250.00 for Municipal Court, \$3,000.00 for repairs and Expenses of Town Property, \$40.00 for Vital Statistics, \$200.00 for Health Department, and pass any vote relating thereto.

Article 5. To see if the Town will vote to raise \$7,000.00 for the Police Department, and pass any vote relating thereto.

Article 6. To see if the Town will vote to raise \$6,000.00 for the Fire Department, and pass any vote relating thereto.

Article 7. To see if the Town will vote to raise \$25,000.00 for new Fire Truck at Central Station, and erect a new building at Georges Mills, and issue notes to be paid within Ten years for same. Notes to be issued under this article shall not exceed \$25,000.00, and pass any vote relating thereto.

Article 8. To see if the Town will vote to raise \$41,500.00 for a Bulldozer for the Highway Department and to purchase and erect a new Highway Garage for the same Department. Notes to be issued under this article shall not exceed \$41,500.00, and pass any vote relating thereto.

Article 9. To see if the Town will vote to raise \$3,700.00 for the Nurse Association, and pass any vote relating thereto.

Article 10. To see if the Town will vote to raise \$26,000.00 for Highway Summer Maintenance, \$20,000.00 for Highway Winter Maintenance, \$8,000.00 for Road Oil and General Expenses of the Department, \$5,000.00 for Machinery Maintenance, \$2,200.00 for the Town Dump, \$5,300.00 for Street Lights, and pass any vote relating thereto.

Article 11. To see if the Town will vote to raise \$2,900.00 for the Library, \$4,000.00 for Town Poor and Aid to Soldiers and their families, and Old Age Assistance, and \$1,600.00 for the care of the Cemeteries, and pass any vote relating thereto.

Article 12. To see if the Town will vote to raise the sum of \$900.00 to erect fences at Eastman Cemetery, and pass any vote relating thereto.

Article 13. To see if the Town will vote to raise \$13,100.00 for the Water Department, and pass any vote relating thereto.

Article 14. To see if the Town will vote to raise \$200.00 for the Dartmouth-Lake Sunapee Region, and \$98.00 for White Pine Blister Rust, and pass any vote relating thereto.

Article 15. To see if the Town will instruct its Selectmen to hire money in anticipation of taxes for the years 1965-1966, and pass any vote relating thereto.

Article 16. To see if the Town will vote to raise the sum of \$1,200.00 for Band Concerts at Sunapee Harbor and Georges Mills during the Summer of 1965, and pass any vote relating thereto.

Article 17. To see if the Town will vote to raise \$2,000.00 for the collection of Garbage, and pass any vote relating thereto.

Article 18. To see if the Town will vote to raise \$900.00 to maintain the Information Booth and \$800.00 for the Board of Trade, and pass any vote relating thereto.

Article 19. To see if the Town will vote to raise \$400.00 to be paid the Newport Hospital in Newport, and raise \$400.00 to be paid to the New London Hospital, and pass any vote relating thereto.

Article 20. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 for the Sunapee Recreational Committee, and pass any vote relating thereto.

Article 21. To see if the Town will vote to raise \$5,000.00 for further improvement of the River Road project and improvement of the Old Mill property, and pass any vote relating thereto.

Article 22. To see if the Town will vote to raise \$1,000.00 for replacing the retaining wall from the Odd Fellows Block to Cooper Square, and pass any vote relating thereto.

Article 23. To see if the Town will vote to accept the roads known as Ridgewood Road and Ridgewood Point, grade and maintain the same, and pass any vote relating thereto.

Article 24. To see if the Town will vote to raise a sufficient sum to provide for the installation of a Water Main, necessary accessories and outlets included on Lake Ave. Georges Mills, sufficient in size to provide for the future access to much needed water, and pass any vote relating thereto.

Article 25. To see if the Town will vote to accept a Gift of land of Thomas V. and Bettina S. Cleveland situated on Job's Creek Road and Woodland Road, and pass any vote relating thereto.

Article 26. To see if the Town will establish a town Conservation Commission as set forth in R. S. A. 36-A, and pass any vote relating thereto.

Article 27. To see if the Town will vote to accept a Gift from Dexter D. Coffin of land now owned by Public Service Co. of N. H. said land situated along Route 103B and as more fully described by Public Service Co. Map #R-7955, and pass any vote relating thereto.

Article 28. To see if the Town will authorize the Selectmen to sell Old Hose #3 land and buildings at Georges Mills when Hose #3 new station is completed and there is no further use of this property by the Department, and pass any vote relating thereto.

Article 29. To transact any other business that may legally come before said meeting.

Polls will remain open until 7 P. M.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and sixty-five.

ENGINEERS' REPORT OF THE SUNAPEE FIRE DEPARTMENT

In 1964 the Fire Department answered a total of 21 alarms of which 17 were in the Town of Sunapee.

The deficit in the 1964 appropriation was caused by a fire patrol system set up as a result of two major fires of suspicious origin which occurred last spring. For over one month we had fireman on night patrol in a attempt to discourage any would-be arsonists and to increase early detection of any fires. We had no major fires during the patrol period. We paid our men at the usual rate of one dollar per hour and mileage for the cars used. The total bill for fire patrol was \$288.80.

Our expenses over the past few years can be broken down as follows:

Insurance of buildings, equipment and accident injury to our men—25% of the total appropriation

Payroll for approximately fifty men	25%
-------------------------------------	-----

Fuel for heating stations	7%
---------------------------	----

Telephones for alerting system	10%
--------------------------------	-----

New equipment and supplies	10%
----------------------------	-----

Forest fire payments	5%
----------------------	----

And maintenance of alarm system, stations and equipment	18%
---	-----

For all of the Forest Fire payments we are reimbursed half of the cost by the State.

Last April, after an inspection by the New Hampshire Board of Underwriters, we were informed that the apparatus in Georges Mills would no longer be considered as adequate and that unless improvements were made the insurance rates for all property within 600 feet of hydrants in Georges Mills would change from a D to an E classification. This means an increase from 22 cents to 33 cents per hundred dollars. We asked for and received from the Underwriters a statement that no changes in rates would be made until after the town meeting this year.

We have prepared plans for the purchase of new equip

ment and a necessary new station in Georges Mills to retain the present insurance rating. This includes the purchase of a new fire truck and the transfer of one of the present trucks in Sunapee to Georges Mills.

Respectfully,

DAVID W. SHERBURNE

HENRY W. TROW

CLAUDE E. GARDNER

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions; together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy - both industrial and recreational - is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area - 4,350,000 acres - is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

During the past year we installed a new furnace in the basement of the Library. This has resulted in decreased fuel costs. We would now like to improve the basement so that we would have room for additional books, have a room for showing movies and other community projects and spread the cost of these improvements over a four to five year period. To start this project we have requested \$800.00.

We are increasing the hours that the Library is open to meet the requirements suggested by the State Library. This will enable us to save on our purchases of books as well as other advantages. It also increases our costs for librarian services, etc.

Abbott Library Trustees

ABBOTT LIBRARY REPORT

For Year Ending December 31, 1964

This year there have been many improvements made in the Library. A new furnace was installed with Town funds in March. We were then able to do some much needed painting of walls and ceiling which had been discolored by the soot from the old furnace. A painter was hired by the Friends of the Library to paint the ceiling and volunteer members washed woodwork and painted the walls. The Friends of the Library also paid for the window shades which were installed making possible the movie program which we have had twice a month on Friday afternoons during the school year.

The Friends of the Library had two story hours during the Summer, one by Mrs. Lawrence Collins and one by Mrs. Elizabeth Colcord and two Puppet shows by Miss Gale Walker. Their meetings are held quarterly in the Library and speakers this year have been Mr. Evan Hill and Mr. Kenneth Andler of Newport and Miss Shirley Barker of Concord. The Friends have raised money for these projects with several food sales, a tag day in August, a turkey raffle in November and a book sale in December. These projects were accomplished under the direction of President Eileen Walker. At the annual meeting in November, Elizabeth Colcord was elected President and her program promises to be as ambitious. The interest and efforts of this organization have certainly been of great benefit to the Library and to the community.

The Library has been rapidly expanding its material and services and we are fortunate in that the additional space we need is readily available in our basement. By waterproofing the walls and floor of the basement, replacing partitions, installing bookshelves, plumbing and doing painting we can very nearly double our available space and have a reference and reading room and a project room in the basement.

Our Library is expecting to participate in the State wide Library Development Program which, after four years of study and conferences, is expected to become operative in 1965. This is a program which is intended to improve and expand all Library service in the State by a centralized pur-

chasing and cataloging system and improved reference and inter-library loan service.

Last year our Library hours included two afternoons and one evening during the Summer and three afternoons and one evening during the school year. This year we maintained our expanded hours during the Summer season also and our Summer residents were very pleased with this arrangement and we expect to continue these hours.

On May 19th we had a meeting in the Library attended by the Superintendent of Schools, the Principal, faculty and School Board and the Board of Library Trustees and Librarian to explore ways in which the School and Town Libraries could cooperate in improving our service to the students in meeting their particular needs for reading and reference material. As a result of this meeting there has been some increase in class visits to the Library and a greatly expanded Summer reading program particularly at the High School level.

A great many people and organizations in the Town of Sunapee have shown their interest in the Library by donating useful and recent books and magazines.

I have attended several regional and district Library meetings in Concord, Keene and Newport with members of the Board of Trustees. I wish to express my appreciation to the Library Trustees for all the assistance they have given me.

Respectfully submitted,

MABEL S. DAVIES

Librarian

“A Master Plan for Sunapee”

As a result of the 1964 Town Meeting when \$5,000 was appropriated to “participate in the Urban Assistance Program (to have a master plan of the town made)”, work on said plan has been initiated, and the following letter from Mr. Sidney Shurcliff of the firm of Shurcliff and Merrill will explain the accomplishments to date on this project.

“We are pleased to report that considerable progress has been made on the Master Plan, although at the moment we are a little behind the schedule which we had intended to follow. This is partly caused by the fact that we did not receive from the State Department of Resources and Economic Development the base map of the Town showing the topography until early in December of 1964, thus delaying the actual start of the technical part of the work, and partly because since that time we have not been able to execute as much field work as we would like because of the shortness of the days and other commitments on the part of our personnel. However, as soon as the snow season is over we expect to greatly increase the rate of progress and to catch up with the schedule by midsummer.

The work accomplished to date includes the following:

- A. Analysis of the aerial photographs of the entire Town which were furnished us by the State in October, and subsequent field inspection of most of the Town on my own part.
- B. Preparation of a regional map in preliminary form showing resort and recreational attractions within a 20-mile radius of Sunapee.
- C. Gathering statistics in the field to prepare an existing Land Use Map. This is now on the drawing boards and is scheduled for completion for field use on February 24th.
- D. Gathering of statistics on which to prepare the population graph.
- E. Interviews with a considerable number of Town officials and Committee heads.

- F. The preparation of a Land Suitability Map is now under way.
- G. Studies of the economic base of the Town and its financing are being started this week.
- H. The improvement of the center of Sunapee Harbor has been under consideration for some time and the preliminary sketch plan for its improvement has been drawn. However, this plan still contains some defects and we are not yet ready to submit it.
- I. With regard to the proposed zoning regulations and map, we have been making observations in the field as to the present commercial uses of such buildings in the Town as are devoted to that purpose. Much more work needs to be done on this subject before we can submit a recommendation.
- J. Financial study - We have started to tabulate the Town finances for the last ten years, this being the first step in preparing a financial report.
- K. We have also started making observations on the basic recreation potentials of the Town of Sunapee.

The above constitutes our progress report to date."

Yours sincerely,

Sidney N. Shurcliff

Amount Outstanding	\$5,000.00	\$35,000.00	\$105,000.00

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Sunapee:

Enrollment

The enrollment for the school year 1964-65 is 285—divided as follows:

Elementary (Grades 1- 6)	— 148
Junior High (Grades 7- 8)	— 41
Senior High (Grades 9-12)	— 96

Class size in the elementary grades varies from 20 to 30 students. Thus the size of the high school seems likely to remain around 100 students in the foreseeable future.

Teacher's Salary Schedule

After receiving recommendations from and consultation with a Committee representing the teaching staff, the School Board on February 3, 1965 adopted a Teachers' Salary Schedule aimed to attract and hold capable teachers. The Schedule is the index-type.

Minimum Index Schedules

1. A teacher who holds a Bachelor's degree shall not be less than is specified in Column A below.
2. A teacher who holds a Bachelor's degree and has 15 graduate credit hours shall not be less than as specified in Column B below.
3. A teacher who has a Master's degree shall not be less than as specified in Column C below.
4. Additional pay allowance of \$15.00 per graduate credit beyond the Master's degree in an individual major teaching or related field will be made to a maximum of 30 credits when the particular courses have been approved in advance by the Superintendent of Schools.

I N D E X

Years of Teaching	A	B	C
0	1.00	1.03	1.07
1	1.05	1.08	1.12
2	1.10	1.13	1.17
3	1.15	1.18	1.22
4	1.20	1.23	1.27
5	1.25	1.28	1.32
6	1.30	1.33	1.37
7	1.35	1.38	1.42
8	1.40	1.43	1.47
9	1.45	1.48	1.52
10	1.50	1.53	1.57

A "merit" provision is included to reward for outstanding service - as well as a provision for withholding all or a part of a teacher's annual increment for sub-standard performance.

The base salary for the Bachelor's degree has been set at \$4,800.00 for 1965-66. Present staff members would be brought to schedule over a three-year period.

This Schedule should aid in teacher recruitment as many potential candidates are reluctant to consider employment in a community without a definitely established salary range.

1965-66 Budget

The major building improvement in next year's budget allows for setting up a Study Hall in the part of the old Auditorium now adjacent to the School Library. This involves the installation of new lighting and new chair-desk units. This should provide an improved study situation as it is logical to have the Study Hall near the reference and resource materials of the library.

School Planning

On October 7, 1964 a Special Meeting of the School District considered and decisively defeated a proposal to set up an AREA Planning Committee to study future school organization with communities in the Newport area.

At least five communities in the New London area will take action upon a similar Article at their district meetings this year.

While a majority of the citizens may favor the continu-

ance of a small high school unit for the present, some serious thought should be given to the long-range situation. Both nationally and within New Hampshire, there is a definite trend toward larger, comprehensive high school units. Improved roads have greatly reduced the disadvantage of the distance factor.

It is not that people are opposed to small high schools per se. However, the specialized and technical training, facilities and equipment required to adequately meet the the varied needs of today's students makes it educationally sound to bring together larger numbers of students in order to justify both the comprehensive offering and the cost that a modern school program involves. The Kingswood Regional, Monadnock Regional, and Mascoma Regional High Schools are recent examples of putting such an educational program into practice in New Hampshire.

Policy for Granting School Building Aid

Although this may not be of immediate concern, citizens in School Districts now operating small high school units should be alerted to the policy of the State Board of Education adopted on December 30, 1964:

"As contemplated by RSA 198:14-a, a high school with fewer than 300 pupils is prima facie not of sufficient size to offer a good educational program at reasonable cost and will not be accepted for school building aid unless the contrary is proved to the satisfaction of the Board. Any school district contemplating the construction of a high school or addition with less than 300 pupils in the resulting facility must first present its project to the State Board through the Commissioner of Education before being considered for aid under RSA 198."

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools

REPORT OF THE PRINCIPAL

SUNAPEE CENTRAL SCHOOL

Sunapee, New Hampshire

January 1, 1965

Superintendent Gordon B. Flint
Newport
New Hampshire

Dear Mr. Flint:

Commencement Exercises for Sunapee High School were held on June 15, 1964. There were thirteen graduates: Linda Bannister, Joan Bell, Larry Bol, Shirley Bullis, Dorothy Colby, Judith Collins, William Crowder, Bardon Flanders, Andrea Flint, Claudia Gardner, Gary Morrill, A. Graham Powers and K. Michael Thoma.

Recipients of awards during 1964 were as follows:

Alumni Scholarship Award	Linda Bannister
Murvin A. Bailey Award	Joan Bell
Bausch & Lomb Science Award	Graham Powers
Daughters of American Revolution	
Citizenship Certificate	Joan Bell
John U. & Della M. Emerson	
Scholarship	Gary Morrill
Josten Citizenship Award	Graham Powers
Sunapee Fire Dept.	
Sportsmanship Award	Bardon Flanders
Sunapee Lions Club Scholarship	Donna Holt
Union #43 Teachers Association	
Mathematics Award	Graham Powers

Students are attending the following post secondary schools: Belknap College (1), University of New Hampshire (1), Norwich University (1), West Virginia Wesleyan (1), Elliot Hospital School of Nursing (1), Northampton Commercial College (1), and School of Practical Nursing (1).

The Parent Teachers Club has recently voted an award to be given to a student obtaining the highest four year average in the General English Course.

I am becoming increasingly concerned, as are all school administrators, with the difficulties involved in making post

secondary plans for our students. Too often the only thought is of college. Many of our students are far better equipped for technical training rather than college. I believe that many times a more realistic view should be taken of many student's academic achievements, abilities and interests in aiding in this often difficult choice.

Again, through you, I urge parents to visit their school—nothing can take the place of a personal visit.

Respectfully,

DAVID W. SHERBURNE

Principal

REPORT OF TEACHER CONSULTANT

In reporting on some of the shared services and activities with which I have been connected throughout this supervisory union, I wish to express grateful acknowledgement for the assistance of all school personnel and interested citizens in their support, encouragement, and cooperation.

SUMMER SCHOOL - These programs were offered to pupils of all schools in the union on a self-supporting basis, and a minimum cost to parents whose children participated:

1. **Reading and Mathematics:** Running for four weeks in July, twelve groups (totaling approximately 60 youngsters) met for 20 daily hour-long lessons taught by three staff members whose objectives were to provide some remedial work on various reading and arithmetic skills. Summaries and reports were sent to parents at the close of the session and copies were forwarded to each youngster's teacher in order that some follow-up might be given during the school year. It is expected that similar programs will be offered during the summer of 1965.
2. **Typewriting:** This self-supporting program was offered to two groups (totaling 30 youngsters from grades 6 through 9 union-wide) and taught by one staff member. These 20 hour-long lessons attempted to provide for two levels - the beginners and those with previous typing experience. It was the objective of this program to help youngsters gain a fair degree of proficiency at the typewriter keyboard, depending upon the amount of practice each student could devote to it. For some students it was an opportunity to acquire a useful skill which might not be possible in the regular scheduling of their high school programs.

CURRICULUM - The up-dating of elementary school offerings has continued for mathematics and reading. It is expected that similar improvements will be made as more emphasis is given to the fields of social studies and science.

ADULT EDUCATION - This program has included a variety of interests, with continuing popularity for oil painting. This year, and for the first time, a course in "Introduction to Modern Mathematics" was offered.

SAFETY EDUCATION - This program of developing a safety-conscious community is made possible by materials from the Child Safety Council. Designed for home use and made available by generous contributions from many local professional and business establishments, the program aims to reduce the toll of accidents to children. It has had the endorsement of our Governor, Safety Commissioner, State Department of Education, and local school boards. The co-operative efforts of local law enforcements at school assemblies for distributing these materials has been a regular feature of this program.

ADVANCED SCIENCE COURSE - With the help of biology teachers from the three high schools of the union, a special course was arranged for selected juniors and seniors seeking further study in the area of bio-chemistry. Meeting at the New London Science Laboratory for a series of twenty 90-minute Monday evening sessions, twelve area students enrolled in a course entitled, "Chemicals That Live" - a study of the nature and behavior of some of the substances that make up living bodies. It was taught by Mr. Clayton E. Fisher, an outstanding science teacher and former head of the science department of Colby Junior College.

The ultimate value of this course will be measured, not so much by the credits these youngsters may be granted, but rather by each individual's growth in knowledge and understanding of a specialized field of science, pursued by a self-motivating desire to learn.

SPECIAL EDUCATION - Recognizing the need for greater attention to some students with special needs, there is a likelihood that a special class for intellectually retarded children might be set up in the New London area. The extent of such a program, however, including location, will be partially determined by pupil needs, degree of interest, and participation of some surrounding school districts.

Respectfully submitted,

ALPHONSE J. SOUCY

Teacher Consultant

SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School District of Sunapee qualified to vote in District affairs:

You are hereby notified to meet at the School Auditorium in said District on the 9th day of March 1965 at nine of the clock in the forenoon to act upon the Articles set forth in this Warrant. Articles 1, 2, 3, 4, and 5 of this Warrant covering the election of Moderator, Clerk, Treasurer, Member of the School Board, and Auditors will be acted upon at 9 o'clock a. m. and voting will be by official ballot and check lists and the polls will remain open for this purpose from 9 o'clock a. m. until 7 o'clock p. m. At 1:30 o'clock in the afternoon the remaining Articles will be acted upon.

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Treasurer for the ensuing year.

Article 4. To choose a Member of the School Board for the ensuing three years.

Article 5. To choose one or more Auditors and such other Officers and Agents as the voters may judge necessary.

Article 6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

Article 7. To see if the District will vote to raise and appropriate \$191,294.55, as recommended by the School Board, for the support of schools, for the payment of salaries for School District Officials and Agents, and for the payment of the statutory obligations of the District; and to authorize the application against said appropriation of available income estimated at \$20,415.00.

Article 8. To transact any other business that may legally come before this meeting.

Given under our hands this 13th day of February, nineteen hundred and sixty-five.
